MARY'S BABY. BY CLEM IVY.

Mary had a baby boy.
When she grew up and wed,
Which yelled like fighting Thomas-cata
Upon a kitchen shed.

All day it crawled upon the floor And swallowed pins and nails— All night its indigestion sought Relief in constant walls.

she went with it to church one day And wore a new silk dress— An earthquake might have kept her home, But really nothing less.

She saw Miss Jones' last year's hat, Miss Thompson's painted cheeks— But that was all. Her baby's voice Broke out in dismal shricks.

A happy thought! A bracelet quick

she took from off her wrist; such dainty bits a baby's gums, or fancy, can't resist. A peaceful full, a blissful calm-A small boy just behind That bracelet viewed with thoughtful brow

And contemplative mind-Crack scholar in the Sunday-school, six summers' old, and smoked— A guan-drop for the gold exchanged; The baby quickly choked.

In deadly fear the mother beat That baby on the back, Then madly rushed out of the church traight to the nearest quack. With knife and lance and doctor tools

That baby's craw they cut.

The bracelet?" Of course it wasn't found;

The small boy had it. But— What did they find? I fear 'twill make All"little hatchets" blush.

A score of rusty hair-pins and A second-hand tooth-brush. They sewed him up, and after that His chubby face was seen, Like muzzled dogs in summer time,

Behind a wire screen. NOSES.

William P. Frye, just chosen by the resignation of Mr. Blaine, takes a great deal of ability with him to make up for the loss of Mr. Hamlin's long experience and Mr. Blaine's force of character. His transfer from the House, however, is a real loss to the Republican side of that body, for he is a real leader. Nobody is left on that side now who has so many attributes for leadership as George M. Robeson. He has at least three prime qualities-tact, courtesy and force.-Public Ledger, Philadelphia. MONETARY MATTERS. FINANCIAL AND COMMERCIAL NEWS.

Wall Street Transactions-The Latest Quotations in Stocks and Bonds-New York and Baltimore Produce Markets-London and Paris Money Markets.

The following observations on the transactions in the financial market yesterday, together with highest, lowest, and closing stock quotations, are furnished by the banking-house of H. D. Cooke, jr., & Co., 1492 I street, Washington, D. C.: The market opened 1/4 to 11/4 per cent, lower than

yesterday's closings and has been dull and inactive all day. Many Wall street brokers had predicted that yesterday would certainly bring forth a final settle ment of the Treasury and national bank question. But it did not; neither did to-day, and this fact, together with the rumor of a possible extra session of Congress, has disconcerted traders and made them in active. The entire list has declined systematically (a few ineffectual attempts to rally it having been made), and closes from 14 to 314 per cent., the only exception to this rule being Chicago, St. Louis and New Orleans (34 up) and Atlantic and Pacific Telegraph (4 per cent. up). Near the close two conspicuous bears sold very freely, probably to affect to-morrow's opening There has been no buying for large long accounts, an a disposition to realize freely on all buiges.

The new stock of the Western appeared on the list.

for the first time to-day. It made its debut at 80, advanced to 81%, then closed at opening price. Yesterday the board of directors of the Western Union met and declared a quarterly dividend of B's per cent. on the Western Union stock, and also a quarterly dividend of 135 on the certificates of indebtedness issued to holders of American Union Telegraph and Atlantic and Pacific Telegraph stocks, making in all a dividend of 1% per cent. on \$89,000,000. The last quarterly dividend of 114 per cent. on \$41,000,000 Western Union stock paid in January exceeded the net earnings and nearly exhausted the surplus accumulated in former years. The two companies, which have been dissolved into the Western Union since January, have never paid any dividend at all. The question now asked by inquisi tive persons is, "Where has the money come from for vesterday's dividend? Did it come out of the pockets of the promulgators of the consolidation scheme?" The directors of the Chicago, St. Paul, Mississippi and Ohlo Railroad met to-day and declared a quarterly

dividend of 134 per cent., making this a 7 per cent stock. Money in good demand to-day at 5@6 per cent. The following statement will be of interest, showing different amounts and character of the bunds with drawn from the United States Treasury during the recent flurry among the banks:

Five per cents, of 1881... 3,511,500 10,000 90,000 109,500 1,548,500 Six per cents... Ten-fortles..... ur and a half per cents. 17,309,10

By the above statement it will be seen that the bulk of the bonds withdrawn were those of issues matured or maturing shortly. It is not improbable that in the event of a decision against the return to the banks of the money deposited in lieu of the above bonds the Treasury may make further inroads upon the legal reserve by purchase of bonds in the open market equato the amount of the money deposited. This would undoubtedly furnish relief to the public and the markets generally, without showing any special leaning to the banks by deciding a case without precedent in their favor.

Great Appetizer SURE CURE

COUGHS, COLDS, BRONCHITIS, ASTHMA. CONSUMPTION, AND ALL DIS-EASES OF THE THROAT AND LUNGS.

In this new combination we have blended together by distillation (which cannot be effectually done in any other way) the Balsam. Tolu, Rock Candy, Pure Old Rye Whisky, and a Valuable Tonic, which preserves all the virtues of the ingredients, yielding valuable expectorant qualities, and giving the article a fine flavor and an agreeable taste. Balsam Tolu has long been used by the medical profession for its soothing, healing, and neurishing properties in allaying any irritation of the throat, chest, and lungs. Tolu Rock and Rye is a diffusive stimulant, creating a healthy appetite and toning up the system generally. The eminent chemist, Prof. G. A.
